Resale Rights include the non-exclusive rights to sell individual copies of this digital product in any legal or ethical way you choose.

Note that while license grants specific rights to sell the digital product, *you do not have the rights to edit, change, or alter the product, nor take and use portions of the product in different products; you do not have the rights to grant duplication rights to another party; you must give proper credit to the participants/ authors of the program and acknowledge the copyright.*

No further royalties, fees, or payments are due on the sales of these products to your customers. All the money is *yours*.

This license may not be transferred to anyone else. Violation of this agreement, which also violates federal and international copyright laws, immediately revokes license.

Certificate good to 31 August 2050. Rights include the unlimited license to marketing materials developed for digital product, inserting your own contact information, online or offline. You alone are responsible for the delivery and customer service of the product, including any refunds. World Internet Inc expressly denies any other relationship with the holder of this certificate.
